

## **Devall Towing and Boat Service Pushing into the Future with Mitsubishi Engines**

Laborde Products, is pleased to announce the recent delivery of the M/V Jackson Scott to Devall Towing and Boat Service of Hackberry, LA.

The Jackson Scott, a 64' X 27' inland pushboat, powered by two fully mechanical, EPA Tier 3 engines rated 630Hp @1600RPM. The engines are coupled to Twin Disc MG 5222 transmissions turning 4 blade 70" X 56" propellers. The M/V Jackson Scott follows four previous Devall Towboats with the same propulsion package. Earlier vessels included the M/V Tug Devall, M/V Cooper Devall, M/V Aidan Devall and M/V Finili Ryanne.

Devall Diesel Service, a Devall Towing and Boat Service affiliate, is also a Mitsubishi Marine and Laborde Products Dealer providing parts, service and sales support to the inland marine market with facilities in Hackberry, Louisiana and Port Arthur, Texas.

Laborde Products is the largest distributor of Mitsubishi Marine engines in North America offering a complete line up of heavy duty, fully mechanical Tier 3 engines from 400HP to 1675HP.
